

DADDY PETE'S PETE-LITE MIX

Daddy Pete's Pete-Lite Mix is an organic blend of Daddy Pete's Composted Cow Manure, premium aged pine bark fines, sphagnum peat moss, perlite, vermiculite, and dolomitic lime.

Our Pete-Lite mix can be used for bedding plants, hanging baskets, propagation, cell packs, and seed germination, as well as for growing various other plants.

A fertilization program should be utilized in accordance with horticultural recommendations.
